PROOFREADING, EDITING, & WRITING

Proofreading: *Spell- and grammar-checking, concentrating on individual words rather than the context.*

Copy-Editing: *The goal of a copyedit is to make sure the writing that appears on the page is consistent in spelling, capitalisation, hyphenation etc; it also ensures the internal consistency of your work (no discrepancies in plot, setting, character traits). This is like an incredibly high-end proofread.*

Line-Editing: *A line edit addresses the creative content, writing style, and language used at the sentence and paragraph level – it focuses on the way you use language to communicate your story to the reader.*

The usual procedure: line-editing, copy-editing, proofreading – proofreading is the final stage before your manuscript will be published.

Words	Pages	Proofreading	Copy Editing	Line Editing
≤ 60,000	±220	£ 225	£ 320	£ 560
≤ 80,000	±320	£ 290	£ 440	£ 720
≤ 100,000	±400	£ 360	£ 540	£ 880
